Tuesday, March 14th - TBD
Tuesday, April 11th - TBD
Tuesday, May 9th - TBD

Letter From the Editor:

There is a newsletter in August!?

Yes, that's right! We are doing something a little different this year. We are proud to provide a special a "Summer Newsletter"! It is time to get back into the ASHRAE spirit as our new Chapter President, Lionel Davis, and the whole of our Chapter's Board of Governors begin ramping up their efforts! The BOG are planning to provide a wonderful lineup of events for the year, chapter meeting speakers who cover topics we (the Chapter) have shown interest in, and PAOE goals that hope to increase our Chapter's active membership and the benefits we receive as Chapter members. To that end, in preparation for the Memphis CRC in2024, we will have a revamped, regularly maintained Chapter website very soon that will be updated to current Society standards. When we launch the new website, please provide feedback. The BOG will review all feedback to improve our website as frequently as possible.

With all of that said, this newsletter features photos and acknowledgements from the Chapter Golf Tournament this past May and last month's CRC in Knoxville. We thank all of those who participated in either event by donating generously to our Chapter, supporting the BOG who give their time to make these events succeed, and making memories that strengthen our bonds with member's and the community we serve. For those who wish to see the full photo gallery, the links are available at the end of each event's section.

If you would like to help support our Chapter, please contact the BOG committee chair in the area you are interested in. We can always use more volunteers! Also, don't forget about sending in ideas, or articles you have written to me for the "Did Ya Know?" section I and others write each month. The Chapter's help in writing these articles would be a huge help and provide insightful knowledge to our peers across the Memphis area. Enjoy this newsletter! We look forward to seeing you all back to ASHRAE in September.

Sincerely,

Patrick Silva
Communications Chair
ASHRAE Memphis Chapter

Sponsor the Memphis Chapter of ASHRAE!

Memphis ASHRAE has a great way to for members to support our ASHRAE chapter and promote their business.

We are offering 2 tiers of support:

SPONSORS:

\$500 DONATION

Memphis | Madison, MS | Little Rock

The Memphis Chapter of ASHRAE thanks you for your support!

President's Corner:

We are nearly two months into a great fiscal year and I could not be more grateful for the opportunity to serve our beloved Memphis Chapter. Our talented BOG broadly represents all the great things our City and Industry has to offer. We are extremely excited and focused on bringing you an eventful year, packed with opportunities to learn, be involved in great programming, impact our wonderful city, and expand your connections.

This year's BOG features a few new faces- Ashley Shipley, Amanda Kraus, Jacob White, Max Graham. I'd like to thank them and our existing BOG members for their contributions and commitment. We're always seeking to expand our membership and YEA, so should you or someone you're connected to be interested in joining the board or being involved in a committee, please do not hesitate to reach out to anyone on the BOG. It is a great opportunity to develop, impact, and grow connections across our industry.

As for chapter operations, they will continue as they were from the previous year- General Body meetings on the second Tuesday of the month at Lichterman with an online meeting option, monthly newsletters, etc. Please stay connected and get involved!

At this year's CRC (Late July), we had seven people travel to Knoxville to represent our chapter. We had a great time learning about what's happening throughout the society and mingling across the region. During the awards ceremony, we were recognized for our engagement and performance throughout the year. Most notable though, was the award for the best Student Activities which PP Mariel Meegan totally rocked out with last year. She was committed to driving an impact, which resulted in our chapter being recognized. Way to go Mariel!

In my few years of being involved with ASHRAE I've learned how Chapters are the lifeblood of our organization. Without healthy and functioning chapters, there is no ASHRAE. The Memphis Chapter was founded in 1944 and we've since had nearly 80 years of dominance. We're a very well-known chapter throughout the region/society and are fortunate to have the engagement and support that we've had. Cheers to road ahead!

Sincerely,

Lionel Davis, II
President, ASHRAE Memphis 22-23

AUGUST NEWSLETTER
DATE: 8/22/2022

We had a blast at ASHRAE's 2022 Golf Tournament! There was an amazing turnout; we had roughly 40 teams in attendance. Thank you to our very generous sponsors, and volunteers that offered their time and money to make this tournament a reality!

A special shoutout to our top sponsors
Etairos HVAC (Platinum Sponsor)
Trane (Gold Sponsor)
Carrier (Silver Sponsor)

In addition, we would like to thank Etairos HVAC, CIS, and Upchurch Services for hanging out on the course all day to help our golfers have a great experience during the tournament.

Congratulations to our first-place team, Air Components!

2022 ASHRAE Region VII CRC Knoxville

Chapters awarded for meeting their chapter goal or being a top chapter in a particular category

Chapter Members awaiting the Awards Luncheon

Lionel Davis, Will Perkins, Ryan Mathis, Dunstan Macauley (Vice-President), Patrick Silva

Michael Cooper from New Orleans (former DRC) and his boss Sarah (both in middle), Mike and Libby Bilderbeck (right and left)

This was my (Patrick Silva) first time attending our regional CRC and I have to say, although I was only there for a portion of the festivities and Communications Committee workshop, CRC was an exciting time for me! There were so many people, across all Chapters, there excited to talk ASHRAE and HVAC. I felt like a kid in a candy store with his mom's credit card! I enjoyed being around so many peers I had never met before, talking about our careers and the passion we all share for the industry we drive every day. If you ever have the desire and opportunity to attend, I highly recommend it. The workshop was especially helpful as I learned some new things from my counterparts in other chapters and I think that guidance will enhance this year's newsletters and our Chapter website.

CRC was a wonderful introduction to the broader Region 7 community and a big eye opener to the inner workings of ASHRAE. I'm glad to be a part of the Memphis chapter and for the support that we have. At CRC we talked about how some of the chapters are, or at some points were struggling and it's a very sad reality of what can happen without support. We also learned some of the great things other chapters were doing including assisting in local university senior design projects, awarding scholarships, and innovative RP fundraiser events (I won't divulge though so, stay tuned =). It goes without saying that we had a wonderful time in Knoxville which is somewhat difficult to admit given I'm a die-hard Razorback. Can't wait to get back and do a little more exploring of the Area. Beautiful country for sure!

-Lionel
